Looking ahead, the report also shares plans and goals regarding:

- Environmental targets and commitments, including achieving zero waste at a real estate portfolio level by year-end 2025 and phasing out all single-use plastics, as well as evaluating a feasible time frame to achieve net zero in scopes 1 and 2 GHG emissions.¹
- Advancing diversity, equity, and inclusion initiatives with respect to both workforce and supplier diversity.

"We remain focused on our ESG evolution through a sound long-term strategy and transparent reporting and recognize a global urgency to accelerate progress," says Rob Sharps, T. Rowe Price chief executive officer and president. "Embedding and extending ESG practices in our business has become an increasingly important priority for our firm.
